

LifeShine®

Protect your car and your investment

LifeShine[®]

The Autoglym *LifeShine* system offers a unique and realistic opportunity to keep your car in top condition for as long as you own it, up to ten years. Specially treated surfaces maintain appearance to give miles of pleasure and retain re-sale value.

With Autoglym *LifeShine* you can drive away from the showroom confident in the knowledge that your new car has been prepared using the finest products in the world. And with a complementary *LifeShine* Care kit, ongoing conditioning is assured.

Benefits of the Autoglym *LifeShine* system will continue for as long as you own your car, enhancing pride and pleasure of ownership and future value.

Autoglym conditioning and protection products have been developed as a result of over forty years professional experience, working with major automotive manufacturers, leading paint technologists and car enthusiasts around the world.

Approved and endorsed globally, Autoglym products are widely used in the preparation and maintenance of automotive finishes to the highest standards for VIPs, showroom display and international motorshows.

The value of your car in years to come can depend greatly on cosmetic condition

Autoglym *LifeShine* is unique in taking long-term care of the cosmetic condition of your new car.

The way your car is cared for, from day one, will have significant influence on maintaining its long term, top condition and maximum re-sale value. It makes sense to ensure that both your investment and pleasure of ownership are properly safeguarded.

Under the Autoglym *LifeShine* system special care is taken by trained technicians to prepare your car to the highest standards. From bumper to bumper, inside and out, the finest Autoglym treatments are used to prepare your new car for delivery to you in pristine and protected condition.

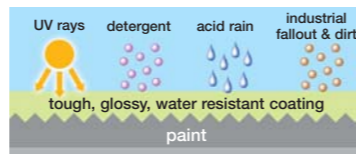

extra protection

for paintwork, upholstery, leather, carpets and glass

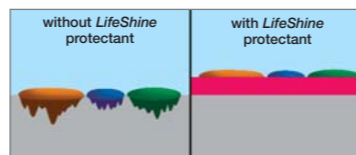

1 Paintwork protection

All exterior paintwork is treated to a unique protective coating to enhance shine and ensure maximum resistance to environmental hazards, even the severest winter weather. The glossy water-repellent coating is easier to keep clean and maintains a superb deep gloss shine.

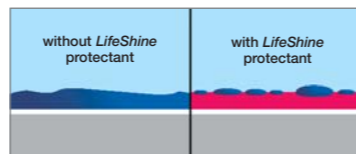

2 Upholstery protection

Upholstery (fabrics, leather) and carpets are treated with a complex waterproof coating to seal out moisture and resist staining. Accidental spillage simply beads on the surface, whilst dust and sticky marks are easily removed.

3 Glass protection

All external side and rear windows are treated with a long-term, optically clear, non-stick, easy to clean coating. As you drive the raindrops roll off to give greatly improved wet weather visibility and safety.

4 Glass treatment

Extra care is taken to remove all pre-delivery protection coatings from the windscreen and wiper system to ensure extra smooth operation and clarity. The washer reservoir is charged with a cleaning booster.

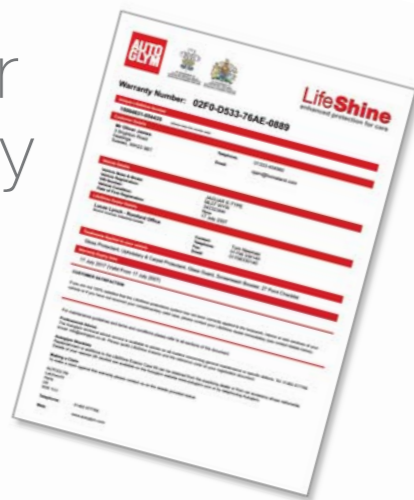

Peace of mind

The LifeShine system offers you piece of mind with a comprehensive warranty. Subject to reasonable on-going care your car will remain in top condition throughout your period of ownership or for up to ten years. And to make things easy we have provided a complimentary care kit featuring a comprehensive selection of Autoglym products you may need to maintain that showroom look.

10 year warranty

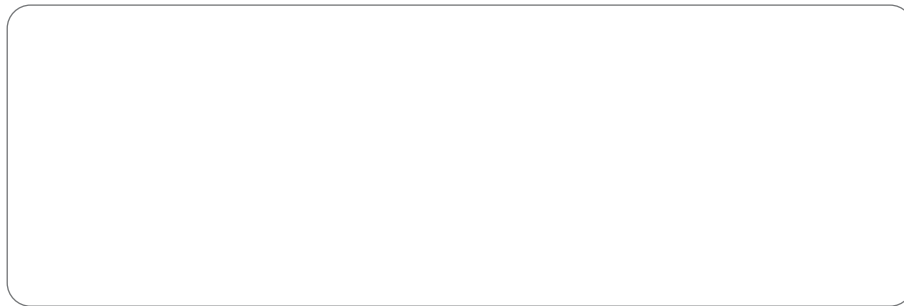

Protecting your investment

The way your car is cared for, from day one, will have a significant influence on maintaining its long term condition and ultimately maximize the resale value – it's a common known motor industry fact that, clean and shiny cars sell faster and for more cash than those that appear uncared for. It makes sense to protect your car and your investment – with LifeShine.

The complimentary care kit includes:

- Super Resin Polish
- Custom Wheel Cleaner
- Extra Gloss Protection
- Screenwash – All Season
- Bodywork Shampoo Conditioner
- Aqua-Dry
- Car Glass Polish
- Perfect Polishing Cloth
